**Please Remember:**

1. **Please note that there is a new ciborium for the low gluten hosts. It has the same shape as the regular gold ciborium, but is a mini-size. If you are the person asked to place the ciboria on the altar at communion time, don't forget that one! Carry both the gold ciborium and the little ciborium to the altar with their lids on. Once you place them on the altar, remove the lids from both.**
2. **After the distribution of communion, if there are too many hosts to fit easily into the ciborium, do not over-fill it. Instead, take the ciborium and the communion plate to the tabernacle. Following the liturgy, you can transfer the extra consecrated hosts to another ciborium. If you need help carrying everything in a reverent manner, ask one of the other Eucharistic Ministers to help you.**
3. **Be sure to purify the communion vessels before washing them with soap and water. The Body and Blood of Christ is still present, even in crumbs of bread and drops of wine and should be treated with reverence.**
4. **Be sure to check out our parish web site ([www.stjchurch.org](http://www.stjchurch.org)) to check your schedule, read the bulletin from past weeks, hear the homily one more time and much more.**
